## What is US Paws?

US Paws is a web based subscription database for Pets, to house vital information on your pet and pet's needs in case a

disaster should occur or your pet is lost. US Paws has a unique identification system. US Paws information is only available to account holders and Emergency Management Services, Shelters, and animal rescue teams.

Privacy is an important aspect for our clients so the only information available to any agency or public is solely up to the account holder.

US Paws is for anyone who wishes to protect their fur kids in cases of disaster

[www.uspaws.com](http://www.uspaws.com)

## How we work.

After you log on and create an Account, the information you provide will be verified by US Paws.

Then you will be given a unique ID number. That number will always be associated with your pet.

A US Paws engraved stainless steel tag will be mailed to your shipping address. This tag has on it that unique ID number. You should immediately attach that tag securely (with hook provided) to your pets collar (dog , cat..), cage, (bird, pocket pet), or affixed to aquarium.

Your account information is only available to you and the information viewable by Emergency Personnel and public is solely at your discretion.

with you

## What Qualifies as a Disaster?

Emergencies come in many forms, and they may require anything from a brief absence from your home to permanent evacuation. Each type of disaster requires different measures to keep your pets safe. The best thing you can do for yourself and your pets is to be prepared.

Disasters come in many shapes, whether a major disaster, a local disaster, or a small catastrophe affecting only one family.

Pet owners need to be ready
